How
would you
spend \$5?

MIGUEL

TALK ABOUT IT:

How would you spend \$5 in the grocery store? How would you spend \$5 in the toy store? If what you want costs more than \$5, you could.... If you saved the \$5, what would you save it for?

TRY THIS:

Go shopping and find out what \$5 can really buy. Cut out from magazines or draw pictures to make a "wish list" of items to save for.
